## **Summer Internship Program**

Step out of the classroom and into technical sales & management.

During your 13 week paid internship, you'll have the opportunity to experience every aspect of a successful sales organization. You'll jump right into an intern experience while being mentored from Summit's trusted experts in logistics, customer service, sales, and management.

Counter

nside Sales

- · Learn warehouse logistics including shipping, receiving, and stocking.
- · Fill orders to meet delivery schedules, support counter sales associates, and gain wire management experience.
- Begin your Summit training and discover more about how we operate.

- · Continue to build your product knowledge during counter sales training.
- · Assist customers face-to-face.
- Work alongside counter sales mentors and perform special assignments.
- · Continue your Summit training.

- Move to inside sales as a customer service representative.
- Use your product and sales experience to explore new industrial and commercial business opportunities.
- · Attend outside sales calls with account managers and shadow the project quotations team.
- Speak with your operations manager and service center manager about future opportunities.

EOE, including disability/vets.
